Welcome to the planet Mobius - - a world beyond what you know from the SEGA games! Where Dr. Eggman is on the hunt for his traitorous lackey, Snively, and will stop at nothing to catch him!

SONIC UNIVERSE™

PREVIOUSLY...

Doctor Eggman and his evil Eggman Empire have been on quite the winning streak lately! With the launch of his latest battle station and roboticization of Sonic's teammate and main squeeze, Sally Acorn, you're lookin' at one jolly evil genius!

Jolly that is, until his faithful servant and lackey for years, Snively, turned traitor to the Empire and launched a daring escape! During the escape, Snively left Eggman's evil Dark Egg Legion in disarray, forcing the doctor to pick up the pieces before launching a pursuit. Pretty sneaky, Sniv'!

After collectively smacking some sense into the Grandmasters of the Dark Egg Legion and fixing himself some new emergency lackeys, Orbot and Cubot, Eggman has prepared his forces for the hunt, starting with his deadly new "Metal Series" !

As Snively is about to find out, one does not simply PUNK the Eggman...

Dear 'My Sonic Universe,'

My name is Elizabeth and I'm 12. I just started reading the comics, and they're pretty good. I have a few questions, though.

1) Are there any issues about Cream the Rabbit? She is so cute, is there an arc about her? Or maybe the story about how she met Cheese, perhaps?

Cream's introduction to the Sonic comic universe can be found in Sonic the Hedehog #218, however she ALSO co-starred in the super-awesome SU story arc "TREASURE TEAM TANGO" (or "TTT" for us cool kids, amirite?) so you can check her out there as well!

2) Is Archie Comics still making Sonic comics?

You're reading one as we speak!

3) I don't like Sally. Before she became a robot, why would she be with Sonic instead of Amy?

Sonic and Sally just had one of those romances that stood the test of time. Except that one time Sonic got slapped, that was pretty brutal. Or that one time she dated Monkey Khan... Come to think of it, I have no idea! That's a question best answered by Sonic. Oh, Sonic?

Hey Sonic-Grams-Guy, what's up?

We got a letter here asking why you chose Sally over Amy? Care to explain yourself?

Well, Sally was my best friend since childhood, my teammate in the heat of battle, and a PRINCESS to boot! Who wouldn't like a girl like that?

4) Can I be Sonic's 9th biggest fan?

No problemo! 9th biggest fan it is!

Hey, only I can bestow fan-ranking! Who do you think you are?

Uh, dude. Name's in the title.

...so it is.

Sonic's 9th biggest fan and Chao-lover, Liz

Thanks for writing in, Liz! You're way past cool!

Dear 'My Sonic Universe,'

Greetings! Extremely long time reader (From Issue #6 of STH), first time writing in! I just wanted to say that I've really been enjoying "Sonic Universe." Each arc has been quite enjoyable and it's been great seeing other characters from the Sonic universe getting page time, as it were. Never would have I imagined that Dr. Eggman would get his own arc.

Whoa! Since STH #6?! That's AWESOME! As for ol' 'buttnik getting his own story arc, SOMEONE didn't ask for MY input on that one...

Oh come on, it's a cool story!

Uh huh.

Is there a Moebius version of Shadow? If so, hopefully he'll appear soon!

I sure hope not! That's all I need right now!

hmm...Moebius Shadow, eh?

Don't you even think about it!
